Why Choose a PCA Enclosure?

BEAUTY

No other enclosure system compares to the combination of elegance, quality, structural integrity and craftsmanship found in a PCA enclosure. Our high quality systems add both increased value and curb appeal to every home.

ELIMINATE INSECTS

Our enclosures are designed to keep insects out and your entry clean!

FRESH AIR

Screen enclosures allow you to enjoy cool natural air flow throughout your home while maintaining safety and comfort.

SAFETY

A PCA enclosure can provide a safe way to meet strangers while at the same time an elegant way to greet your family and friends.

Handcrafted Durability. Timeless Elegance.

The PCA Advantage

Flat locking spline means your screen will never blow-out!

Aluminum corner key prevents door sag.

PCA exclusive Thru-Lock System. Clean appearance and exceptionally strong.

Ceramafast fully coated fasteners, for superior protection from salt air.

Cast aluminum scrolls. NO Plastic!

Impervious to outside elements.

Maintenance free kick plate system. No unsightly spline!

Handcrafted Screen Doors

Over 50 styles to choose from! Visit pcaproducts.com to view our complete line. Doors are available in standard white or bronze finish.
